

Tom's Galveston Real Estate

Talk to Tom's Team!

Take a Virtual Tour of the Model Apartment!

The model apartment has been beautifully staged by MDC Fine Living and is now ready for you to visit and see it for yourself!

You can take a virtual tour with Tom by watching the video above or you can book an in-person visit to the model apartment at #1002. There is a second vacant apartment at #1001 also available to show.

International designer Karim Rashid has selected high quality fixtures and finishing including Italian ceramic tile on the floors. A timeless, neutral palette and stainless steel appliances are other highlights.

***We look forward to showing you
these luxury apartments!***

How About That View!

Each apartment is different but all of the upper floor apartments have incredible 360 views of Galveston city and the port to the north and north east, and out to Galveston beach on the south and south west!

Floor Plans Available Online

We have floor plans for the building and apartment plans for each apartment on our website.

Features of the apartments and price indications are also available.
